

V^{ALLEY}

INDUSTRIAL RUBBER PRODUCTS CO.

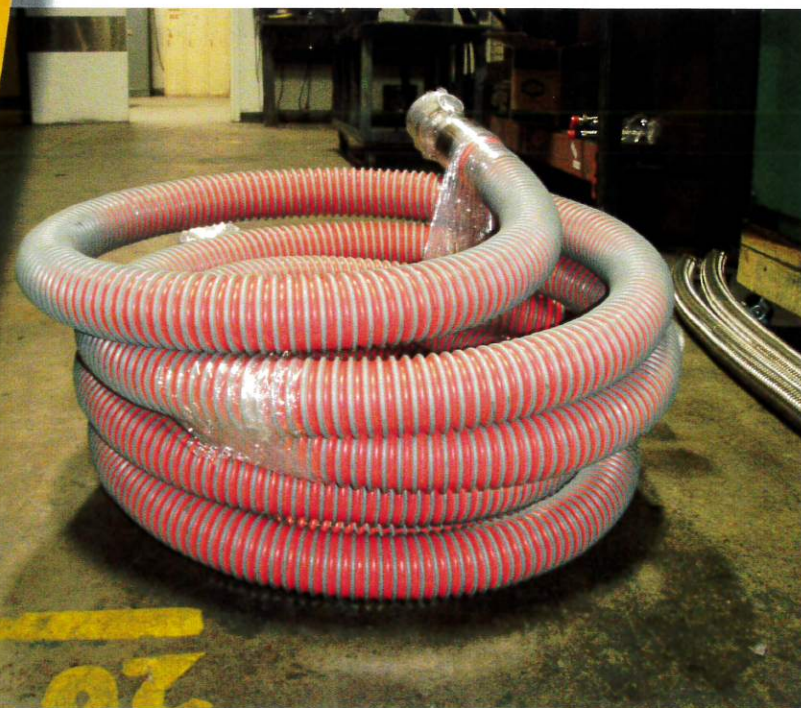

For Brewing and Wineries

For 43 years Valley Industrial Rubber has been family owned and operated. Located in Bethlehem, Pennsylvania, we are a local supplier.

We are proud to introduce ourselves to the growing brew pub and winery industry. A full stocking, fabricating distributor for the leading manufacturers, Valley offers industrial, hydraulic, metal and teflon hose assemblies. We can customize any style tubing, hose or fittings for your beer and wine making needs. A full compliment of accessories, couplings and clamps are also available.

We welcome an opportunity to discuss your specific requirements. Value added and responsive, you will find us competitive. Call or email with your inquiry.
